## Notes to Financial Statements For the Years Ending September 30, 2021 and 2020

## NOTE 1: <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u>

#### Purpose

The Community Services of Broomfield, Inc., dba Broomfield FISH (the Organization) is a Colorado non-profit organization, incorporated in May 2001 to provide emergency financial assistance and one-on-one mentoring support and referrals to Broomfield residents living at or below 200% of the federal poverty guidelines.

The Organization's major programs include:

#### **Emergency Family Assistance:**

The Organization distributes emergency food, housing, and transportation assistance to Broomfield County residents who fall at or below 200% of the federal poverty guidelines. This includes a self-shop marketplace, food delivery programs, and support with rent and mortgage payments, utility payments and transportation. Total expenses were \$5,863,565 and \$3,691,712 during the years ending September 30, 2021 and 2020, respectively.

#### Community Resources and Referrals:

The Organization spends a limited amount of its budget on "small needs" items that support low income Broomfield County residents in becoming more self-sufficient. Staff meet one-on-one with residents to assess barriers to self-sufficiency and then offer resources and referrals to help overcome those barriers. Total expenses were \$145,660 and \$105,912, respectively.

#### **Funding Sources**

The primary funding sources of the Organization are private contributions of cash and in-kind goods and services from individuals, churches, businesses, and foundations, along with government grants.

#### **Basis of Accounting**

The financial statements are prepared on the accrual basis of accounting, in accordance with generally accepted accounting principles.

#### **Financial Statement Presentation**

The Organization is required to report information regarding its financial position and activities according to two classes of net assets: with donor restrictions and without donor restrictions.

#### **Contributions and Net Assets**

Net assets, revenues, gains, and losses are classified based on the existence or absence of donor or grantor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

*Net Assets Without Donor Restrictions* – Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions.

## Notes to Financial Statements For the Years Ending September 30, 2021 and 2020

## NOTE 1: <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u> (continued)

*Net Assets With Donor Restrictions* – Net assets subject to donor- (or certain grantor-) imposed restrictions. Contributions restricted by donors are reported as increases in net assets without donor restrictions if the restrictions expire (when a stipulated time restriction ends or purpose restriction is accomplished) in the reporting period in which the restriction is recognized. All other donor-restricted contributions are reported as increases in net assets with donor restrictions, depending on the nature of the restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities as net assets released from restrictions.

#### Estimates

The preparation of financial statements in conformity with generally accepted auditing standards requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

#### Support

All contributions are considered available for the Organization's general programs unless specifically restricted by the donor. Amounts received that are designated for future periods or restricted by the donor are reported as restricted support and increase net assets with donor restrictions. Contributions received with donor-imposed conditions and restrictions that are met in the same reporting period are reported as support without donor restrictions and increase net assets without donor restrictions. Investment income that is limited to specific uses by donor restrictions is reported as increases in net assets without donor restrictions if the restrictions are met in the same reporting period as the income is recognized.

#### **Cash and Cash Equivalents**

The Organization considers all unrestricted, highly liquid investments with an initial maturity date of three months or fewer to be cash and cash equivalents, with the exception of the certificates of deposit.

#### **Property and Equipment**

Property and equipment are recorded at cost, except for contributed assets which are stated at estimated fair value at the date of contribution. Depreciation expense is computed on the straightline method over the estimated useful lives of the assets, which is generally three to fifteen years. Expenditures for renewals or betterments of \$2,500 or more that materially extend the useful lives of assets or increase their productivity are capitalized at cost. The costs and related allowances for depreciation of assets retired or otherwise disposed of are eliminated from the accounts. The resulting gain or loss is included in the determination of increase or decrease in unrestricted net assets.

#### **Concentration of Credit Risk**

The Organization maintains its cash accounts in two banks in Broomfield, Colorado. Accounts at each bank are guaranteed by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000. At September 30, 2021 and September 30, 2020, uninsured cash balances in excess of

## NOTE 1: <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u> (continued)

FDIC limits were \$436,024 and \$4,708, respectively.

#### Inventory

Inventory, which consists of donated food, is stated at the average wholesale price per gross pound, published by Feeding America, a national food bank distribution network. The average wholesale price per gross pound was \$1.74 each year for the years ending September 30, 2021 and 2020.

#### **Uncertain Tax Positions**

The Organization qualifies as a tax-exempt, not-for-profit organization under Section 501(c)(3) of the Internal Revenue Code, and accordingly is exempt from federal income taxes on related income pursuant to Section 501(a) of the Code. Accordingly, no provision for federal income tax is recorded in the accompanying financial statements. The Organization believes that it has appropriate support for any tax positions taken, and as such does not have any uncertain tax positions that are material to the financial statements. The Organization's Federal Exempt Organization Income Tax Returns Form 990 prior to 2020 are subject to examination by the IRS generally for three years after they are filed.

#### **Summarized Prior-Year Information**

The amounts shown for the year ended September 30, 2020 in the accompanying financial statements are included to provide a basis for comparison with 2021 and present summarized totals only. Accordingly, the 2020 totals are not intended to present all information necessary for a fair presentation in conformity with accounting principles generally accepted in the United States of America. Such information should be read in conjunction with the Organization's financial statements for the year ended September 30, 2020, from which the summarized information was derived.

*Level 1:* Measurement based on quoted prices for identical assets in an active market, as of the reporting date.

*Level 2:* Measurement based upon marketplace inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in inactive markets, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

*Level 3:* Measurement based on the Organization's assumptions about a hypothetical marketplace because observable market inputs are not available as of the reporting date.

The Organization used appropriate valuation techniques based on the available inputs to measure the fair values of its assets and liabilities. When available, the Organization measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs have the lowest priority.

Therefore, expenses require allocation on a reasonable basis that is consistently applied. The expenses allocated include compensation and benefits, which are allocated on the basis of estimated of time and effort; occupancy costs and depreciation, which mirror the compensation allocations; and supplies, communication and other costs based on identification or estimates of how the costs are used.

Subsequent events have been evaluated through March 21, 2022, which was the date the financial statements were available to be issued.

## INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Directors Community Services of Broomfield, Inc. dba Broomfield FISH Broomfield, Colorado

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Community Services of Broomfield, Inc. dba Broomfield FISH (a nonprofit organization), which comprise the statement of financial position as of September 30, 2021 and the related statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated March 21, 2022.

## **Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Community Services of Broomfield, Inc. dba Broomfield FISH's internal control over financial reporting (internal control) as a basis for designing the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Community Services of Broomfield, Inc. dba Broomfield FISH's internal control. Accordingly, we do not express an opinion on the effectiveness of Community Services of Broomfield, Inc. dba Broomfield FISH's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Community Services of Broomfield, Inc. dba Broomfield FISH's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Community Services of Broomfield, Inc. dba Broomfield FISH's major federal programs based on our audit of the types of compliance requirements referred to above. Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Community Services of Broomfield, Inc. dba Broomfield FISH's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

## **Opinion on Each Major Federal Program**

In our opinion, Community Services of Broomfield, Inc. dba Broomfield FISH complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2021.

## **Report on Internal Control Over Compliance**

Management of Community Services of Broomfield, Inc. dba Broomfield FISH is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Community Services of Broomfield, Inc. dba Broomfield FISH's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Community Services of Broomfield, Inc. dba Broomfield FISH's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
